- Frameworks: React.js, React Native, Next.js, Expo, Node.js Express.js, GraphQL, TailwindCSS
- Tools: Vite, Git, Docker, AWS, DigitalOcean, CircleCI, Figma, Jest, Supabase, Firebase, Redux, Zustand

WORK EXPERIENCE

Full-stack Developer, UI/UX Designer Jun 2022 - Present
Avazoo Worldwide LTD.

- Led complete mobile app overhaul using React Native & Expo, delivering new features and significantly improving user experience
- Integrated InertiaJS with Laravel 8 to handle large datasets more efficiently, making the back-office tools faster and easier to use
- Set up automated CI/CD pipelines using GitLab CI/CD and automated testing with Jest before AWS deployments, streamlining releases and minimizing downtime

Full-stack Developer, UI/UX Designer Sep 2021 - Jun 2022
Apptech Gateway

- Developed a match-it game using ReactJS & Redux, designed for embedding across multiple products
- Built and maintained REST API endpoints (Node.js/Express) for game logic, user points, and different user actions
- Optimized a Laravel dashboard using Lighthouse, Horizon, Telescope, and Spatie, leading to faster data rendering and smoother user experience

Front-end Developer, UI/UX Designer Apr 2019 - Aug 2021
Entinux LTD.

- Built a reward system mobile app with Ionic/Angular, handling high concurrent user actions daily from various activities in Hong Kong
- Applied WCAG accessibility standards, SEO, and performance optimizations across multiple web application projects
- Led UI/UX design using Figma for a university feedback system, crowdsourcing app, and email management tool

Front-end Developer, UI/UX Designer Mar 2018 - Apr 2019
Crate Club

- Improved development workflows by integrating tools like Sass, ESLint, and Sentry
- Implemented front-end features from Figma designs and integrated payment solutions using Stripe and PayPal
- Designed UI/UX using Figma for mobile and web applications (back-office dashboards)

Lead Senior Developer / Designer Jan 2016 - Feb 2018
Nexusbond Asia Inc.

- Developed, maintained, and shipped production code for client websites primarily using HTML, CSS, Sass, JavaScript, and jQuery
- Performed quality assurance tests on various sites to ensure cross browser compatibility and mobile responsiveness
